

**REMARKS/ARGUMENTS**

In view of the amendments made to the claims, and in view of the following remarks, reconsideration of the application is respectfully requested.

The outstanding Office Action sets forth a restriction requirement between product claims 5-11, 13-17, 19 and 20, and method claims 46-50. By the present amendment/response, the Applicant elects, without traverse, the product claims in this case. To this end, a new set of claims is presented herewith wherein method claims 46-50 have been canceled. In addition, claims 5 and 15 have been amended to correct minor idiomatic English errors and/or to correct potential lack of antecedent basis problems. No new matter has been added by these changes.

Based on the above election, examination of claims 5-11, 13-17, 19 and 20 is respectfully requested. Of course, the Applicant retains the right to file a divisional application to cover the subject matter of claims 46-50.

Respectfully submitted,

Everett G. Diederiks, Jr.
